

BVLGARI
RESORT BALI

The Second

Bulgari Resort Bali is the second of a brilliant new series of hotels and resorts in prestige locations around the world. Each is to be an intimate place of elegance and pleasure, an experience of glamour and excellence.

Bulgari Resort Bali, where refined contemporary design meets traditional Balinese architecture, immaculate service standards, food of rare and unusual quality - all imbued with a distinctive mood of Italian innovation and tradition following the footsteps of the Bulgari Hotel Milano.

The Context

Bulgari Resort Bali occupies a secluded plateau near Uluwatu, on the southern tip of the Jimbaran peninsula. Defined by cliffs that fall dramatically to the Indian Ocean, blessed both by sunrise and spectacular sunset views, the resort enjoys private access via funicular to a pristine stretch of beach.

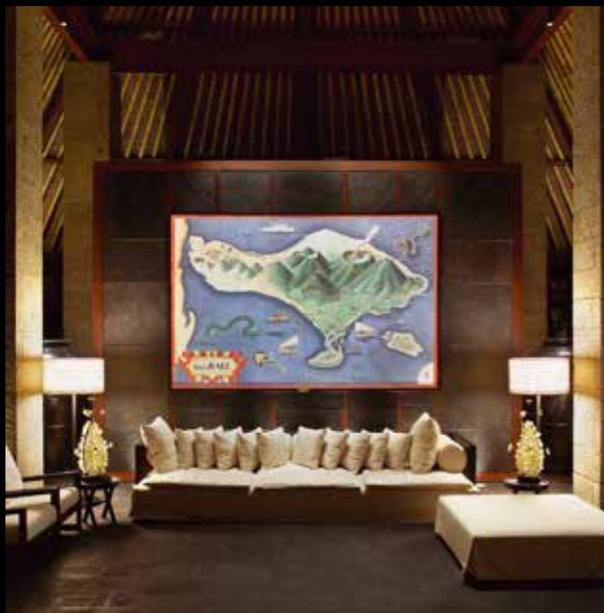

The Temple

At this highest point of Bulgari Resort Bali, a traditional temple acts as a guardian overseeing the wellbeing of the resort's occupants. In keeping with the village theme incorporated into the layout of the resort, the temple has its own spiritual community to carry out the daily ceremonies that are so integral to the Balinese Hindu religion.

The Reception

Designed by architects Antonio Citterio, Patricia Viel and Partners, and create from hand-hewn volcanic stones, rich exotic woods and an exclusive range of furniture and fabrics, the magnificent proportions offer a fitting welcome to guests of Bulgari Resort Bali.

The Bar

A spectacular yet welcoming space, terraced with contemporary furnishings, offers a haven for relaxed contemplation of the Indian Ocean and beyond. For sunset drinks, daytime lounging or bathing in the moonlight, The Bar is a sophisticated gathering place serving wines, cocktails with appetizers inspired by classical Italian flavors.

The Restaurants

Bulgari Resort Bali features three restaurants. Sangkar presents contemporary Indonesian, Asian, and International cuisine and is open for breakfast, lunch and dinner with a sophisticated casual atmosphere. Il Ristorante defines traditional and modern creative Italian cuisine and is open only for dinner with a more formal ambience. Located under the cliff over the stretch of white sand beach, La Spiaggia offers a cozy and intimate restaurant and bar where guests will enjoy the best fresh grilled seafood in Bali.

The Sangkar

Named for the traditional bamboo cages used extensively in the décor; Sangkar offers a creative take on contemporary Indonesian cuisine. Two communal tables in the heart of the floor space define a casual atmosphere and the extensive menu draws heavily on locally prepared organic ingredients and traditional recipes combined with modern culinary techniques.

The Villas

Set within the volcanic stone walls of the resort, each of the 59 villas is a private haven of between 300 and 500 square meters in size combining both indoor and outdoor spaces. An oversized bathroom and living area complements a luxurious bedroom overlooking the Indian Ocean in an air-conditioned environment. Outside, a patio, open-air living room, garden and plunge pool look southwards to the cliff tops and sea.

The Interiors

Rich mahogany woods and luxurious furnishings create a warm and calming environment with sweeping views. Contained privately within garden walls, each villa offers contemporary elegance in both indoor and outdoor spaces, combining modern opulence with traditional materials and design. A byword for luxury, each villa at Bulgari Resort Bali creates a hideaway of comfort.

The Bulgari Villa

An expansive space, spanning 1,300 square meters on two levels, The Bulgari Villa features two bedrooms, living room, dining room, entertainment room, spa room, a 20-meter swimming pool and self-contained kitchen. The walled compound enjoys absolute privacy complemented by sweeping views from an elevated position within Bulgari Resort Bali.

The Bulgari Villa offers unique features, spacious facilities suitable for elegant private gatherings, wedding celebrations and exclusive dinner parties. The upper level lawn creates an ideal space for outdoor celebrations and a gazebo on the lower level offers an intimate area for dining. Suitable for groups of up to 50 guests. The Bulgari Villa is the perfect setting to mark any occasion.

The Spa

Set in the very heart of Bulgari Resort Bali, The Spa is the embodiment of a holistic healing centre, bringing together the therapeutic traditions of Indonesian massage and the contemporary elixirs of modern spa technology. An antique 'joglo' house, transported piece by piece from Central Java, creates a unique reception area. Eight treatment rooms overlook the Indian Ocean and spa gardens and suites with private changing areas, plunge pools and outdoor relaxation areas. Modern treatments are combined with ancient techniques to create a range of unique spa rituals.

The Mansions

Distinctive and sophisticated, The Bulgari Mansions offer the comforts of home with access to the exclusive personalized service and luxury facilities of Bulgari Resort Bali. East and west complement each other in a context where Italian design blends with Balinese tradition offering luxurious surroundings in one of nature's most exclusive setting with stunning Ocean views.

All 3 or 5 rooms showcase breathtaking views of the cliffs and sea which can also be enjoyed from the spacious teak sundecks accessible through wide terrace doors. Each room has its own bathroom covered with exotic stone featuring indoor and outdoor facilities.
