

## INFLUENCES FROM THE COAST

Our creations are inspired by a journey along the curves of the coastline between France and Italy, starting from the Côte d'Azur and going all the way down to Calabria.

The flavours and fragrances collected during our travels have been translated into creations playing with textures and interesting combinations.

Our concoctions are carefully prepared with wild and harvested ingredients to capture the essence of the Mediterranean.

While the exact origins of the drink are unknown, it is largely reported that the Negroni was invented at Caffè Casoni in Florence in 1919. Count Camillo Negroni created the eponym drink by asking the bartender Fosco Scarselli to strengthen his favourite cocktail, the Americano, by replacing soda water with gin. These drinks offer an original take on a classic.
