Regarded by many as the crowning achievement of the hotel, the Bulgari Spa has curated a selection of the most advanced beauty, grooming and health-enhancing treatments available today, offering the flexibility of one-off specialist treatments to long term life-improvement programmes uniquely tailored to the needs of the individual. This tranquil, spacious and blissfully uncrowded two-storey complex comprises of a cutting edge training facility, steam rooms, saunas, ice fountains, 11 treatment rooms, relaxation room with a dramatic vertical fireplace, hair and nail salon.

One of our unique features is the 25 meter swimming pool surrounded by Vicenza stone and Italian glass mosaics. In the pool area, a separate gold leaf tiled vitality pool with 6 different water jets to massage the body. Loungers and cabanas surrounding the pool create a relaxing space to enjoy a healthy Spa lunch. There is also a private Onyx Spa Suite for two people that has its own dressing room, steam shower, private relaxation room and oversized hydro-massage tub against a backdrop of spectacular green onyx. All of which offer an urban oasis of experiences that soothe the mind, invigorate the body and revive the senses.

The Bulgari Spa is one of the largest and one of the most exclusive in central London. Crafted from onyx, oak, Vicenza stone, and Italian glass mosaics, the Spa blends a contemporary Italian design ethos with the dramatic visual heritage of Bulgari. A limited number of private memberships are available combining bespoke Bulgari treatments with WORKSHOP GYMNASIUM training and assessment services that are exclusive to Bulgari Spa.

WORKSHOP places a focus on total body conditioning with a holistic approach to training, wellness, health, nutrition and fat loss through its unique FRAMEWORK assessment; a series of tests including Exercise and Nutrition Genetic Analysis, Food Intolerance Testing, Metabolic Testing, Comprehensive Hormone Profile, Functional Movement Screen and Body Composition Analysis. WORKSHOP marks the return to a gym's core values and at heart is an invigorating workout to achieve optimal health and visible results.
