Seed To Skin

At Seed to Skin Tuscany, we create highly effective, nutrient-rich skincare using only the purest botanicals and raw ingredients found in nature.

Throughout our product line we incorporate herbs, honey and sheep's milk directly from our certified organic farm at Borgo Santo Pietro in the heart of Tuscany.

What we don't grow ourselves we source from a highly selective group of environmentally conscious micro-producers and wild foragers on land and at sea.

Healthy soil and clean water are non-negotiable, as they guarantee the superlative quality of Seed to Skin Tuscany and represent the foundation of our brand integrity.
